

OHIO "TRUSTIES" RETURN AFTER BIG GAME OF BASEBALL

**Forty-five Prisoners Lose Ten
Inning Match From Soldiers
at Columbus—Receipts to
Charity.**

(By Review Leased Wire.)
COLUMBUS, Ohio, May 18.—Forty-five convicts, unguarded, left the Ohio state penitentiary walls today, went to the Columbus American Association ball park where they participated in a ball game either as players or as rooters and returned again to their cells tonight. The convict team was defeated 8 to 6 in 10 innings by a team composed mainly of enlisted men from the United States army barracks at Columbus.

The prisoners were free for the day only. Warden P. O. Thomas told them this was their day.

Besides the baseball squad those who attended the game included the penitentiary band and a number of prisoners. The convicts team wore plain gray baseball uniforms marked with the letters O. P. The story of the game was written from the press box by a prisoner reporter for the Ohio Penitentiary News, a paper printed by the convicts. The proceeds of the game will go to charity.

WAR SUMMARY

(By Review Leased Wire.)
The Italians in southern Tyrol now are tenaciously holding back the Austrians from further inroads in their positions. In the Ledro Valley, south west of Trent, and in the Lagarine valley to the south of the city, the Austrians after heavy artillery preparation, threw violent attacks against the Italian lines but all of them were repulsed with heavy casualties, according to Rome.

Five attacks were made on Zegatara, the same number as were made Wednesday, and again all of them were stopped with sanguinary losses.

In the Adamello zone, to the west of Trent, where previous gains have been made the Italians have occupied additional territory in the Sara River region and the Menafalcone region near the gulch of Trieste, have recaptured trenches taken from them by the Austrians last Monday.

Another ineffectual attempt has been made by the Germans against the French positions in the Avoncourt wood and on Hill 304, to the northwest of Verdun. Paris reports that a strong attack here was put down by the French guns and that the Germans appear to have suffered serious losses.

On the remainder of the front in France and Belgium aside from an unsuccessful German infantry attack against the British north of Steenstraete, there have been only bombardments.

The British in Egypt have carried out a successful maneuver against the Turks and tribesmen at Bayoud and Magedbra, putting them to flight and destroying the camp at Bayoud.

Austrian aeroplanes have dropped bombs at Avlona, Albania, the only seaport town on the eastern Adriatic remaining in the hands of the entente allies. That Avlona is probably well fortified against an infantry attack is indicated by the statement of the admiralty that the raiding aircraft were heavily shelled.

3 German Ships Sunk
Three German steamers have been sunk in the Baltic Sea by Entente allied submarines—two by the Russians and one by the British.

A British fishing smack arriving at Lowestoft reports having been shelled by a German submarine, one member of the crew being killed and two injured.

BUL BUL ATTRACTION FOR ORPHEUM TONIGHT

**Full Dress Rehearsal Held
Last Night and Critics Pronounce It the Best Ever in
Bisbee.**

The dress rehearsal of Bul Bul was held at the Orpheum theatre last night and those who saw it pronounced it the smoothest running production that has ever been given in the district. Everything went like clock work. Both principals and chorus are exceptionally well trained. The costumes especially ordered from Los Angeles for the occasion are the most gorgeous ever seen here.

Special scenery, augmented orchestra, gorgeous costumes and talent will combine to make Bul Bul the musical hit of the season. The reserved seat sale for both nights has been going rapidly and the house will be practically sold out before eight o'clock tonight. All persons having tickets are asked to exchange them for reserved seats as early as possible today. The Orpheum box office will be open all day. The show will start punctually at 8:30 tonight. The second show will be given Monday evening.

Trooper's Loss Felt.
The entire Twenty Third regiment was upset tonight over the death of Sergeant Furman. He was one of the most popular men in the regiment, being a crack machine gun operator, an all around athlete and a fine horseman.

The idea that the sergeant could have been intoxicated is scouted by officers and privates alike. It was said that shortly before Furman left to round up the stray mules, he had ridden the most fractious horse in the regiment over the hurdles, a feat he could not have accomplished, it was contended, if he had not been sober.

Furman was serving his second enlistment, having signed at the Columbus, Ohio, barracks. He has two sisters in Brooklyn, New York, one of them being Mrs. Baber, at No. 2, Mantou street.

General Gavira says that American soldiers witnessed the shooting but made no effort to return the fire of the Mexicans. At the camp it was said no one witnessed the shooting.

UNION PACIFIC PRESIDENT RESIGNS

**Mohler Quits Fat Job July 1,
Will Remain As Advisor
Health is Failing.**

(By Review Leased Wire.)
OMAHA, May 18.—The resignations of A. L. Mohler as president of the Union Pacific and the Oregon Short Line railway effective July 1, was announced here tonight. No reasons for the resignations were given and railway officials would not discuss Mr. Mohler's action.

From sources in close touch with Mr. Mohler it was learned that he had been in ill health for several months following a fall while skating on the ice of a municipal park in this city last winter and this, it was said, may have caused his retirement.

Mr. Mohler announced that he had decided to retire as president of the Union Pacific and the Oregon Short Line railways on July 1, but will be identified with these companies in an advisory capacity.

RAILWAY STRIKES GROW IN MEXICO

**Few Trains Operating From
Mexico City, Business At
Standstill.**

(By Review Leased Wire.)

LAREDO, May 18.—Passengers arriving in Nuevo Laredo today from Mexico City said the strike among the Mexican railways was spreading rapidly. No trains, it was stated, are being run on some railway divisions, while generally all freight trains have been annulled. Passengers from the interior today stated they had been informed the government had ordered department heads of all railways to resume normal service by Saturday, or suffer the consequences.

Only infrequent passenger trains are arriving and leaving Nuevo Laredo, the freight traffic in-bound and out-bound apparently having been suspended.

It was stated authoritatively in Nuevo Laredo tonight that a train made up to proceed from Saltillo to Piedras Negras, opposite Eagle Pass, had been held up by Mexican shop employees, taking the locomotive to the round house at Saltillo and "killink" it.

Much apprehension is apparent over the situation in Nuevo Laredo where it is stated the employees are stubbornly demanding increase of wages and pay in gold, while government officials threaten to use force to compel resumption of traffic.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness, should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through this crisis.
